If you have a sheep in your bathroom

You might be living in God's house

G

You might have to share the sofa with a bear

Or eat your dinner with a mouse (or a grouse!)

Come on everyone's invited

G

If you come we'll be excited

G

You'll be safe and warm

D

Livin' in God's house

If you're walking down a path made of ice cream
You might be heading for God's place
If you see some chimpanzees eating from the pizza trees
You might be in a holy space

If you see a bunch of wild and wacky people
You might be standing on God's lawn
There are cool kids playing sports with the nerds and dweebs
and dorks
It's a super silly happy marathon (party on!)
